

Equal opportunities policy - it's worth reading!

All activities financed under the EEA and Norway Grants are based on common values, such as respect for human dignity, freedom, democracy, equality, the rule of law and respect for human rights, including the rights of people belonging to minorities.

Activities of all implementing institutions and beneficiaries are undertaken in the spirit of the slogan "Working together for a green, competitive and inclusive Europe" in accordance with the non-discrimination principles which are contained in "Blue Book" (Priority Sectors and Programme Areas 2014-2021).

All participants implementing the EEA and Norway Grants are bound by a number of international and national laws, obliging them to comply with the prohibition of discrimination on the basis of any ground - gender, race, color, ethnic or social origin, genetic features, language, religion or beliefs, political views or any other views, membership of a national minority, property, birth, disability, age or sexual orientation.
